## IT WAS DISSOLVED.

Judge Longan Decides the Fourth Street Injunction.

## PAVING PLANS ENDORSED.

Council Upheld in the Matter of Pushing the Improvement of the Principal Thoroughfares of the City.

Judge George F. Longan, of the Thirtieth judicial circuit, in chambers, this afternoon, dissolved the injunction heretofore granted, restraining the council from awarding the contract for the paving of Fourth street, from Park to Grand avenues. The opinion was verbal, the court passing upon the two main points at issue.

One of these was the question raised as to the legality of the resolution of the council, in which it was deemed and declared necessary to bring the street to a grade and pave it between the limits named. The resolution, the court held, was regular.

Another point was as to the ordinance. The ordinance, for some supposed defect, had been repealed and repassed at the same meeting of the council. This, the court held, was regular, as the intent of the council was well understood.

As to the awarding of the contract at the last meeting of the council, City Attorney Smith could say nothing. A question was at once raised between the attorneys in the case, which cannot be settled now.

The dissolving of the injunction will prove good news to many citizens, who feared that, had it been made perpetual, it would have stopped street paving for all time. Now the work can go on, and not stop until every thoroughfare in the city is placed in good condition.

## A LIVELY RACE.

Sexton Hauptly After a Girl for Stealing Flowers.

There was a lively foot race at the cemetery immediately after dinner today, between Sexton Scott Hauptly and his force on one side and a 15-year-old barefooted girl, who had been caught stealing flowers, on the other.

The girl gave every evidence of distancing her pursuers, when she was headed off by a neighbor and turned over to Mr. Hauptly, who started to town with her.

After having proceeded a few steps the girl jerked loose, and then began the prettiest race ever witnessed in Northeast Sedalia.

Frightened half to death, the girl fairly flew, finally making her escape, and it is safe to say that the next time she desires to nip flowers she will go to other than the cemetery after them.

## FREE SCHOLARSHIP.

President Woodward, of the State University, Makes an Appointment.

At the session of the legislature last winter, an act was passed creating a free scholarship for some student from each county at the State university. The act provided that a board of examiners should be appointed in each county, to examine applicants for this free scholarship. The president of the board of curators shall appoint one, the presiding judge of the county court shall appoint the second, of a different political belief from the one appointed by the board of curators, and these two shall appoint the third.

This morning County Clerk Lower received a letter from Mr. C. M. Woodward, president of the board of curators of the State university of Missouri, naming Professor J. W. Wilson, a republican, principal of the Sedalia High school, as the appointee of the board. The letter will be delivered to Judge Conner this evening, and

he will likely name the second man tomorrow.

A reporter called at Judge Conner's store this afternoon, but he had not come from home since the noon hour, and was not expected for several hours. It is asserted that Judge Conner will appoint County Superintendent Driskell, a democrat, and that Professors Wilson and Driskell will name Professor G. V. Buchanan, superintendent of the city public schools, as the third member of the commission.

The commission is required to meet on the 5th of August and examine applicants.

## BATTERY "A" COMING.

Colonel Rumbold, of St. Louis, to Participate in the Encampment.

Conductor Joe Herrington, of the Missouri, Kansas and Eastern, and who is a prominent member of the Gentlemen's Driving club, of this city, visited Captain Rumbold, of Battery A, Light Artillery, Missouri National Guard, at St. Louis, yesterday, with a proposition from the Sedalia organization to participate in the August encampment of the Second regiment, to be held here from the 1st to the 10th, and, if possible, have charge of a sham battle to be fought on some day during the week.

Mr. Herrington was shown through the armory, and says he never saw such an aggregation of military stuff in his life. Captain Rumbold told him that he hoped to be present with a full battery, including four rifled cannon and a Gatling gun. It will require the services of from fifty to sixty men and nearly that number of horses. The Driving club agreed to furnish the horses at a figure that was pleasing to the commander of the battery. It will require five flat cars and one box car to transport the battery.

Mr. Herrington feels confident, from his interview with Captain Rumbold, that he will be present during the encampment. A sham battle is being arranged, and arrangements are under way for some Gatling gun target practice during the week.

## FINED \$15.

Cephas Bimme Assaults Annie Ingram in the Court Room.

Judge Levens' court of justice was the scene of a lively assault late this afternoon. Cephas Bimme, late porter at the Future Capital hotel, sued Mrs. Ingram, the proprietress, for a balance of \$6 claimed to be due for wages.

Justice Levens told the parties he would take the matter under advisement, and just as they started to leave the court room, Bimme hit the woman in the face, knocking her down, and striking her after she fell.

Justice Levens at once assessed a fine of \$5 for contempt of court, and issued a bench warrant for assault and battery.

Bimme pleaded guilty to this, and was fined \$10 and costs. He went to jail in default of fine and costs.

## Suing for Divorce.

James Spencer, by his attorney, Mayor P. D. Hastain, today began proceedings against his wife, Genevieve Spencer, whom he married at Belleville, Ill., December 22, 1892, and who, he claims, deserted him April 24, 1893. The defendant resides at 4048 Cook avenue, St. Louis. The plaintiff is a brother of Ned Spencer, of this city.

## Will Settle the Loss.

M. L. Sears, of Kansas City, special agent of the Phoenix Assurance Co., of London, Eng., arrived at noon today to settle a \$2,000 loss in the Espenschied agency on the Gentry & Cloney stock, and will pay it in full. He is the first of the adjusters to arrive.

## Brick Work at the Jail Completed.

Messrs. Hurley & Dean this afternoon completed the brick work on the new addition to the jail, and the St. Louis parties who have the contract for putting in the steel cells are expected to arrive this afternoon or tomorrow.

## Entertained Her Friends.

Miss Cleora Barrett, of No. 424 East Fourteenth street, entertained a dozen or more couples of friends last night, complimentary to Miss Bertha Richter, of Council Grove, Kas., who departed for home this afternoon.

## DENIES THE STORY.

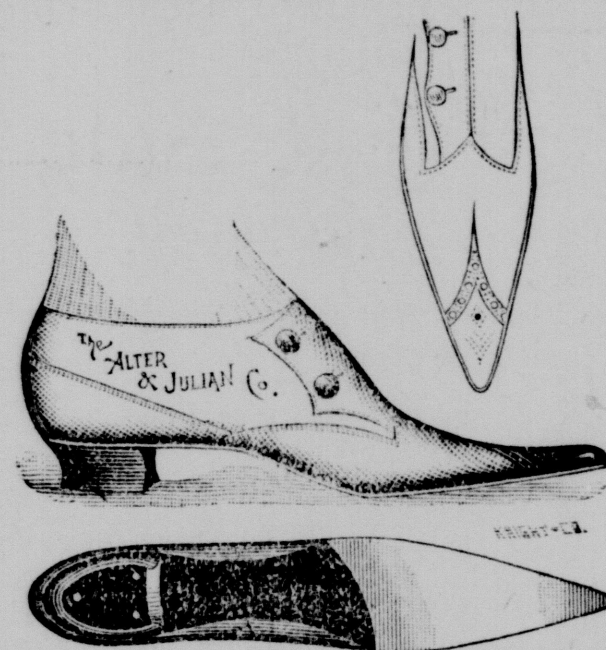

Gen. J. H. Rice, of the Capital, Speaks His Little Piece.

The Gazette of this morning, under a scare head, printed a sensational article, from a journalistic standpoint, the meat of which is contained in the following paragraph:

"It is said that ex-Governor Humphrey, the predecessor of Lowery, and wife, of Kansas, will be in Sedalia within a month and will be holding positions on the Capital and dictating its policy."

When questioned regarding the truth of the statement, Gen. Rice pronounced it a lie manufactured out of whole cloth.

"When the Capital Printing Co. was being organized," said the general, "Gov. Humphrey expressed a desire to take twenty-five or thirty

## AMATEUR TOURNAMENT.

The Future Capital Gun Club to Arrange for a Shooting Match.

After the regular weekly practice shoot of the Future Capital Gun club, on the New York avenue grounds this afternoon, there will be a meeting of the club to discuss the practicability of holding an amateur shooting tournament here next Friday and inviting all the amateur shooters of the neighborhood to participate.

There are a number of good shooting clubs in the surrounding towns and the Sedalia boys will have a jolly time if the tournament is arranged, which seems quite likely.

It has been talked around for a couple of days that Gen. Rice had arranged to give up his residence on Grand avenue at an early date, and because of this fact it has been hinted that he had about tired of Sedalia and expected to return to Kansas. Speaking of this phase of the case, Gen. Rice said:

"Yes, I'm going to give up my Grand avenue place, but I have leased the Taylor property, No. 222 East Fifth street, for sixteen months, and I guess if I was contemplating leaving the city I would not have taken such a step."

"You can say that the Capital is here to stay, as are also the Rices."

## The Open-Air Concerts.

Joe D. Donnohue is circulating a subscription paper this afternoon for the signatures of 100 persons who will contribute 20 cents each week for two weekly open-air concerts at the court house. The undertaking is one that should be encouraged.

## Commissions Arrived.

Captain John M. Glenn today received from headquarters the commissions of the officers of Fleur de Lis division, uniform rank, Knights of Pythias, installed a few weeks ago.

## Fred Threw Stones.

Fred Bush is under arrest in Justice Levens' court, charged with throwing stones into G. J. Grosbans' Main street grocery store on the morning of the 17th.

## Perry Sent to Jail.

In Justice Levens' court this afternoon, Wesley Perry was sent to jail in default of a \$10 fine for disturbing the peace of Rachel Perry.

## Henry W. Meuschke's Condition.

Henry W. Meuschke's condition today is about the same as it was yesterday, no improvement being perceptible.

### BUY THE LADDERS.

The Capital of this morning has a timely article on the need of additional equipment for the fire company.

The Capital quotes Chief Willis as saying that the disastrous fire of last Wednesday morning could have been confined to the Walmsley building and speedily extinguished if the company had been supplied with a couple of twenty-foot ladders.

Chief Willis is a gentleman who knows his business and is not given to talking recklessly, and what he says will be taken as correct by the general public.

Taking for granted, therefore, the need for the additional equipment, the DEMOCRAT believes the council should purchase it without delay.

A few ladders and a light wagon will only cost a few hundred dollars, but they are the tools which are needed at every fire.

The city maintains a fire company—and a good one, too—at considerable expense, and pays out thousands of dollars every year for a water supply.

The efficiency of the company should not be lessened for the lack of a hook and ladder outfit.

The DEMOCRAT understands that the costly aerial truck matter has been dropped, and believes it is best for the city to abandon the purchase of this costly machinery and invest a few hundred dollars in the tools that are needed at every fire.

THERE is no occasion for divisions among democrats on the silver question. Nothing is clearer than that the democratic party is committed to bimetalism, and there can be no real bimetalism without the coinage of both metals without discrimination against either. This is a fundamental proposition concerning which there can be little dispute among democrats. There are differences as to the ways and means to be adopted to restore the silver dollar to its proper place, but these differences, being on matters of policy merely, can be easily harmonized. An honest effort to restore bimetalism will unite and solidify the democratic party. This should be the purpose of the coming state convention, and if this is undertaken in the right spirit Missouri can sound the keynote of the presidential campaign.

THE railroads are a pretty fair business barometer, and there is cause for general congratulation that the Missouri Pacific and Missouri, Kansas and Texas shops in this city are at last running on full time with a full force. The increased work means better wages for the men and a larger trade in all the legitimate lines of business. The railroad employes keenly felt the business depression of last year and though the local railway officials did all in their power to find employment for the men, the enforced short hours made serious inroads upon the earnings of the employes. All this is changed now, however, and the prospects for a busy year are most gratifying.

BENJAMIN HARRISON sees the handwriting on the wall and says: "I am not now and will not be a candidate" for the presidency. McKinley will doubtless reach the same conclusion as the good effects of the repeal of the law which bears his name becomes apparent, and the field will be left to Tom Reed, and the artful dodger from Maine.

WHEN the Bland-Allison bill was before congress John Sherman predicted that the enactment of that measure would drive gold out of the country. The bill became a law,

however, in spite of the dismal prophecy, but during the twelve years it was in force the gold stock in this country increased \$165,000,000. John Sherman was proven to be wrong by the actual demonstration of twelve years' operation of that law. He tells us now that to restore silver to its place in our monetary system would be ruinous, and time will prove that he is wrong again.

THE grand rally in this city on next Tuesday ought to bring thousands of citizens of this and adjoining counties. It will be a long time before Missourians will have an opportunity to hear an important question discussed by so many distinguished orators.

EVERY citizen of Sedalia who can do so should make his arrangements to hear one or more of the addresses to be delivered in this city on next Tuesday. The speakers are the ablest in the country.

THE Jefferson City injunction suit to prevent the people from voting on the capital removal resolution has lost that city the little sympathy formerly felt for it by the people.

GIVE the fire company the ladders they need and let the aerial truck go for awhile.

SEDALIA must have that convention hall next spring.

### BURGLARS SURROUNDED.

Caught in a Store, They Escaped by Surprising Their Pursuers.

About 2 o'clock yesterday morning citizens of South Greenfield, Mo., discovered that Ross Adams' drugstore had been burglarized and found the marauders, two in number, in Bowman & Daugherty's dry goods store, where they were engaged in packing five big valises full of plunder.

A posse was quickly formed and the building was surrounded, every avenue of escape being seemingly cut off, but with a cry of "we're coming," one of the burglars threw a heavy stool through a plate glass window, and, before the citizens could recover from their surprise, the robbers dashed through the opening and escaped, followed by a shower of bullets. The officers telegraphed to Springfield for bloodhounds to put on the track and the whole country has been aroused.

### The Tramp Problem.

There is only one practical and sensible way of abating the tramp nuisance, and that is to make them earn their way, says the Boonville Republican. When a big strapping fellow comes around to the back door in a consumptive and feminine voice relates his woes and asks for bread, give him a saw and buck or a hoe and let him understand that you will give him a meal for an hour's work. If he's a "hobo" he'll faint, and if he's deserving, he'll be willing to work his way along.

### A Rotten Bank's Showing.

Acting upon the advice of Secretary of State Lesueur and through the attorney general, Judge Broadus has appointed J. M. Dorton receiver for the Farmers' bank at Orrick, Ray county. State Bank Examiner C. O. Austin has been investigating the affairs of the bank, and he places the resources at \$9,000 and liabilities at \$41,000.

### "Missouri on Wheels."

W. M. Godwin, of Clinton, was at Harrisonville yesterday and organized a local board to assist in advertising "Missouri on Wheels." Considerable interest was manifested, and Cass county will enter heartily into the work. Arrangements were made to raise both money and exhibits for the enterprise.

### Going by Special Car.

The Terre Haute baseball club, consisting of twelve men, passed through the city this morning, in the special Pullman sleeper, "Leoti," attached to the fast mail train, en route to Kansas City. The Terre Haute and Kansas City clubs will play three games in the Western league series.

### Is Her Crazy?

Jim Evans, who is behind the bars at the county jail charged with the seduction of two sisters, is acting very strangely, says the Warrensburg Star, and is either crazy or acting along that line. He refuses to talk at all.

### Sedalia Talent Abroad.

Miss Nellie Stark, assisted by other Sedalia talent, will give a musical entertainment in Windsor Saturday evening, July 27.

## TUESDAY'S CONFERENCE.

Progressive Newspaper Men and Party Leaders Will Be Here.

No editor of a democratic newspaper in this state who favors free silver can afford to miss the adjourned editorial conference which meets at Sedalia on the 23d inst., says the St. Louis Post-Dispatch.

The conference will have extraordinary interest and importance. Its object is to consider the best means of crystallizing and organizing the free silver sentiment in Missouri and giving it practical effect in the democratic party.

But aside from its high purpose, to which all free silver editors should give personal support and counsel, the meeting promises to be a most interesting gathering. It will bring together the progressive newspaper men and some of the ablest democratic leaders of the state. There will be good speeches and good fellowship. The conference will be stimulating and educating in effect.

The country press is the bulwark of the people's rights. It gives utterance to the voice of the people. A great responsibility rests upon its editors. They can do more to organize and encourage the voters in defense of party principles than any other agency. The party is now passing through a crisis. Its traditional principle of bimetalism is under assault, and every editor who cherishes this principle should give all the aid in his power to the work of organizing for its defense.

### DEMOCRATIC CONVENTION.

The County Committee Called to Meet On July 23.

SEDALIA, Mo., July 18. — The democratic county committee of Pettis county is requested to meet in Sedalia at the county court room on Tuesday, July 23d, 1895, to arrange for county convention to send delegates to the state convention at Pertle Springs on August 6th.

JNO. W. BALDWIN, Chairman.  
CLEMENS HONKOMP, Sec'y.

### Died—Epstein.

On July 17, 1895, at 5 p. m., Emilie Epstein (nee David), beloved wife of Simon Epstein, aged 44. The funeral will take place Friday, July 19, at 1:30 p. m., from the family residence, 225 Sidney street. Friends are invited to attend.

New York, Sedalia and Louisville papers please copy.—St. Louis Globe-Democrat.

### A Pioneer's Recommendation.

Mr. J. W. Venable, of Downey, a pioneer of Los Angeles county, Cal., says: "Whenever I am troubled with a pain in the stomach or with diarrhea I use Chamberlain's Colic, Cholera and Diarrhea remedy. I have used it for years, know it to be a reliable remedy, and recommend it to every one."

### Sedalia's Preparations.

Sedalia is making great preparations to take care of the free silver editors who will meet there in convention on the 23d, says the Warrensburg Star. This convention promises to be almost equal in point of numbers and enthusiasm as the democratic silver convention which meets at Pertle Springs August 6.

### Catholic Church for Versailles.

A movement is on foot looking to the erection of a Catholic church building in Versailles, says the Leader. About \$1,500 is already guaranteed, and that by a few men only, and it is safe to say quite enough could be raised for a fine church edifice. It will, most likely, be located in the north part of town.

### The Value of Coins.

The value of gold coin is in its weight; the value of silver coin is the government stamp on it. The value of Simmons' Liver Regulator is the relief it gives from Biliousness and Sick Headache. A 25-cent package of powder has permanently cured many a one.

## BEAUTY.

How to Increase in Weight and Otherwise Improve One's Personal Appearance.

Every normally constituted man and woman wants to look well. This is natural and right. We have little sympathy for those people who through indolence or gluttony have permitted themselves to take on too much flesh. They know that by living abstemiously and taking plenty of exercise they can get back to their normal weight.

We do however have a great deal of sympathy for those poor, pale, thin sufferers who either have no appetite or else whose food distresses them to such a degree that they are forced to live on a most frugal diet. "Going into a decline." How often do we hear this expression. What does it mean? It means that people are losing the growing thin, wasting.

Their trouble arises from the fact that they are unable to digest sufficient food and when the stomach is out of order and fails to do its proper work, foods are worse than useless. They simply ferment in the stomach and fill the system with poisonous principles.

What these people need is something that will digest their food after it has been eaten, and it is in just such cases that the Digestive Cordial as made by the Mount Lebanon Shakers is proving remarkably successful.

It is so prompt in its action that a sense of relief almost immediately follows the first dose, and a rapid increase in weight is soon noted.

The Shakers have issued an interesting pamphlet which may be obtained upon inquiry at any drug store.

### Last Night's Lecture.

An appreciative audience heard Rev. H. S. Gekeler, of St. Joseph, discuss "Cant" at the court house last night, for the benefit of the Pettis County Teachers' Normal institute. The lecture was both entertaining and instructive. Cant was pronounced a counterfeit to be avoided, a double distilled lie, in fact, for which thinking and sincerity were urged as a remedy. The effort was a truly able one and proved a genuine treat from beginning to close.

### Two Social Events.

Refreshments of cake and cream were served at the home of Mr. and Mrs. J. M. Danforth, No. 519 West Fourth street, last night, by the Pastor's Aid society of the M. E. church, south. A delightful time was had and a snug sum realized.

Mrs. H. M. Chapel, No. 714 East Broadway, assisted by a few friends, most royally entertained the members of Worth council, Order of Chosen Friends, last night.

### Stable for Rent.

**\$100.00 PER WEEK**

And Restoration of Her Maiden Name.

**MRS. CORBETT'S WANTS.**

The Heavyweight Bruiser's Wife Tells a Correspondent Just How She Stands.

"All I want is a divorce, the restoration of my maiden name and that \$100 a week for life that 'Jim' promised me in the articles of separation, which we both signed last spring."

Mrs. James J. Corbett was the speaker, and Broadway, New York, was the place, yesterday. The champion heavyweight of the world is not in town. If he had been, he could have seen his wife, chaperoned by Lawyer "Abe" Hummel, of the firm of Howe & Hummel, who, physically, is not half as big a man as the pugilist-actor, but who can give him several points on courteousness and gallantry, and still be an easy victor.

If he had, he might have become angry and felt inclined to resort to ring tactics, since Referee Jacobs has emphatically declared that all the hearings must be public, refusing to accede to the lawyer's requests that they should be held behind closed doors; and he might not have relished the statements made concerning his conduct with a woman who was referred to only as Vera, but who is the Vera Stanwood to whom he sent some very characteristic letters and telegrams.

But Vera will have no cause to feel lonely in her position of correspondent; there are other women whose names will be introduced and with whom, it is claimed, the champion was altogether too friendly. How many of them, could not be learned, but there are at least two others. Their names are a profound secret with Mrs. Corbett and her lawyers.

Some rather spicy testimony was introduced about this same Vera and Champion "Jim" Wednesday evening, when the hearing was adjourned to today allow Abe Hummel to gather more Vera stories.

Mrs. Corbett seems only little affected by her troubles with the "Big Indian," as Vera calls Pompadour Jim. When met yesterday she looked as cool, physically, as she was calm mentally. She wore a neat shirt waist of a blue and white striped material and a skirt of dark blue cloth; her hat was of white straw, in sailor shape, with a blue band and over it was drawn a dainty veil; her gloves were of cream color, with black stitching, and her shoes were tan-colored. In her ears glistened large solitaires; pinned to her waist was a chatelaine and watch, and her belt was open-work gold.

With her was Miss Marie King, an actress, who has been with Corbett's Gentleman Jack company for two years, and who, being a decided brunette, was a striking contrast to the blonde-haired plaintiff. She is the principal witness for Mrs. Corbett.

"In the event of your being granted a divorce, do you wish to retain the name of Corbett, or do you desire to resume your maiden name?" the correspondent asked.

"I wish to resume my maiden name and to be known as Mrs. Ollie Lake."

"Please state," said Abe Hummel, "that in March last articles of separation were drawn up between Mr. and Mrs. Corbett, by the terms of which the pugilist agreed to give his wife \$100 a week. This agreement he has kept, having paid her in advance until November 1. All we ask is a divorce and that that agreement be continued. Mrs. Corbett will ask for absolute divorce, restoration of her maiden name and \$100 a week alimony for life. And she will get them all, too."

And the two went up Broadway.

**GENTRY'S WINNERS.**

"Theodore Shelton" Is Said to be a Coming Champion.

The victory of Theodore Shelton, the Missouri owned and trained 3-year-old pacing colt, at Saginaw, Mich., Wednesday, when he defeated Arthur L. and other sensational performers, in fast time, has attracted general attention throughout Missouri, says today's St. Louis Republic.

Theodore Shelton is expected to repeat the performance of his

famous brother, John R. Gentry, on the grand circuit this year. As a 3-year-old John R. Gentry created a sensation by taking a mark of 2:12 3/4, and did not lose a heat the whole season. Theodore Shelton was christened after the St. Louis merchant of that name, who is a brother-in-law of John R. Gentry, owner of the colt.

As a yearling Shelton was started in the Illinois-Missouri circuit in 1893 and won all his races, taking a half-mile record of 1:11. Last year he was taken on the grand circuit by his trainer, Jim Ramey, who owns an interest in the horse. He acted badly at his first start, August 6, at Buffalo, and was distanced in the first heat by Directly and Carbonate. Directly won the race in 1:12 and 2:14 1/4. Ten days later, on August 16, he again met Directly, who was then the sensation of the racing world, and pushed the son of Direct out in two heats. Time, 1:13 and 2:15. These were the only times Theodore was started last year, and he went to the barn without a record. He seems to be acting better this year and has won both his starts.

He was bred by Toler & Son, of Wichita, Kas., and is by Ashland Wilkes—Dame Wood by Wedgewood. He was purchased by John R. Gentry with a portion of the winnings of the champion stallion pacer, John R. Gentry, 2:03 3/4, a full brother to Theodore. Mr. Gentry is a resident of Sedalia, Mo., and his stock farm is near Hughesville, Pettis county, Missouri. He last year expended some more of Gentry's winnings in the purchase of another Ashland Wilkes—Dame Wood yearling named Young Ashland.

**What a Cigarette Is.**

A cigarette is a roll of paper, tobacco and drugs, with a small fire at one end and a large fool at the other, says an exchange. Some of its chief enjoyments are condensed nightmare, fits, cancer of the lip and stomach, spinal meningitis, softening of the brain, funeral processions and families shrouded in gloom. There are plenty of subjects left, however, who are perfectly willing to undergo trials of such trivial nature for the sake of putting on a certain amount of style.

**A Victim of Blood Poisoning.**

Billy Brown, the banker, is laid up in his room, suffering from blood poisoning. A couple of days ago he cut a hanging nail from the ring finger of his right hand, and then covered the digit with a rubber stall. Yesterday his hand and arm began to swell, and at last he was forced to lay off and call in Dr. Ferguson, who is still attending him.

**Visited in Windsor.**

W. J. Cobb, of the wide awake firm of B. F. Hammett & Son, at Sedalia, was in Windsor yesterday, says the Review, and was greatly pleased with our little city. Mr. Cobb is a live real estate man and is doing much to push Sedalia to the front as the Future Capital.

**Gentry's Horse Was Second.**

At Saginaw, Michigan, yesterday, Jamie Shelton, one of John R. Gentry's string of horses, came in second in the 2:35 trot for \$1,000. Fred Kohl was first. Time—2:28 3/4, 2:29 1/2, 2:20 1/2.

In the 2:15 trot for \$1,000 Bertie R. came in sixth.

**Drowned Near Paris, Mo.**

**Charged With Murder.**

Constable Joseph M. Cavanaugh arrested Robert Bruce, alias Jackson, at Lexington Wednesday night. He is wanted at Huntsville, Mo., for murdering a woman. The sheriff from Huntsville arrived and took him back Thursday.

**Charged With Assault.**

Jesse Cox, aged 17, of Montevallo township, Vernon county, was placed under \$500 bond yesterday to answer before the next term of the circuit court to the charge of attempted criminal assault upon 13-year-old Bertha Peck.

**Knocked Out His Eye.**

Just so with the World Medical Institute—every patient makes three more. Honest, conscientious and skillful physicians and successful treatment—that's why.

**VOICE OF THE PEOPLE.**

Miss Lula Rogers, 527 South 11th St., Kansas City, Kan.

"I have been a sufferer from Catarrh and Scrofula for eighteen years of the very worst form. My people had spent a great deal of money in trying to have me cured without any benefit. My nose was completely closed with polypus so I could not get a particular of air through them for the last eight years, the doctors at my old home, Burlington, Iowa told me if they were removed it would kill me. The physicians of the World Medical Institute not only removed them but completely cured me of all other complications. I am now perfectly well in every respect, and I owe my life and all there is in this world worth living for 'Health' to these skilled physicians."

E. L. Cooper, Gardner, Kan.

"I had suffered from Bronchial and Lung Trouble and Nervous Debility for six years, and could find no one who seemed to understand my case until I consulted the physician of the World Medical Institute, they told me they could cure me, and I commenced to improve from the start. Now I am well and strong again. They are worthy of the entire confidence of the sick and afflicted."

Attention cannot be too often called to the following facts: The physicians of the World Medical Institute are permanently located here, they are reliable and have a reputation to sustain. They are men of the highest skill and attainments in the medical profession, especially schooled and learned in their specialties. They treat Chronic Disease exclusively and have every facility known to modern science for the alleviation of suffering. They have had a larger field of experience than any specialists now practicing and have long since gotten rid of the old foggy notion that medical treatment to be highly meritorious must be correspondingly expensive.

Their special offer of one month's free treatment, free to all commencing a course of treatment, expires August 1st and positively will not be continued after that date.

**CORBETT AND VERA.**

They Have Been Living in a Rented Cottage at Asbury Park.

The New York Herald's Asbury Park special says: One of the sensations of the pleasant Asbury Park days is the appearance on the board walk each evening of "Gentleman Jim" Corbett and the strikingly handsome woman known here as Miss Vera Stanwood. They live in a rented cottage at Seventh avenue and Emery street, where they have been for the past two months, together with Corbett's brother, Joe.

Miss Stanwood is not known to any of her neighbors, except by sight, and in that way she is known to nearly all of the permanent people and those of the transient ones who are familiar with Corbett. She never leaves the cottage, except when in his company, and her conduct then, as when she may be seen about the cottage, is irreproachable.

Apart from being a very beautiful woman, Miss Stanwood has fine taste in dress, and some of her gowns worn when she goes driving and when she goes walking with Corbett, at the time when the beach concert has called out the populace, are handsome enough for Newport. Miss Stanwood is tall for a woman and has the sort of a figure that is often described by those ambitious to shine in literature as "Svelte."

Beyond her generally prepossessing appearance, Miss Stanwood has the childish curve of cheek and chin that is associated in most minds with the beauty of a choice wax doll, the lips being especially red and well curved. Her hair is the most blonde that is possible not to be white, and sets off most effectively her dark brown eyes. As if to further heighten her really startling beauty, Miss Stanwood wears her blonde hair elaborately pompadour, one single very fine curl only escaping, and that lying alongside of the forehead.

**Invest Your Change.**

A silver quarter is about as much as some people care to invest in medicine for immediate use. Spend this sum for a package of Simmons' Liver Regulator, powder. It's the woman's friend—cures Sick Headache in the right way, and quickly, too; just as good for Biliousness.

**HE WAS SATISFIED.**

He Had Attained the Ambition of His Life.

A curious confession was overheard in a Market street car yesterday. Two young men were engaged in friendly conversation, when one said:

"Well, old man, you have seen my wife; now tell me what you think of her."

"She seems to be a most lovable woman. I should say her disposition is angelic, and she is the personification of good, hard, common sense that is required to make a home happy."

"But don't you think she's a beauty?"

"Well—er—you—know—" The evident embarrassment of the truthful friend was painful to everybody in the car. He did not want to lie, neither did he wish to give offense by telling the truth. "That is a hard question to answer—you know ideas of feminine beauty differ greatly. A woman who is absolutely repulsive to one man is the acme of feminine beauty in the eyes of another."

"Ha, ha! I knew I couldn't be mistaken," laughed the young husband, and his friend flushed painfully. "That's all right, old man. I made up my mind to marry the homeliest girl I could find, and I wanted to get your opinion. I am satisfied now that I have made no mistake. You know how many of our friends have had their lives wrecked by handsome little dolls for wives. Well, I made up my mind that I would get a wife who would not fascinate every one who came along."—San Francisco Post.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicine that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used and I take pleasure in recommending it to my friends."

The Only Remedy in the World that Refunds Purchase Price if it Fails to Cure the Tobacco Habit in 4 to 10 Days is

**NARCOTI CURE**

It Cures While You Continue the Use of Tobacco.

The greatest discovery of the age! A certain, pleasant, permanent cure.

A lifetime's suffering ended for \$5.00.

Why smoke and spit your life away? Why suffer from dyspepsia, heartburn, and drains on your vital forces?

Stop using tobacco, but stop the right way! Drive the nicotine from your system by the use of this wonderful remedy.

NARCOTI-CURE is warranted to remove all desire for tobacco in every form, including Cigar, Cigarette, and Pipe Smoking, Chewing and Snuff Taking.

Use all the tobacco you want while under treatment, and in from four to ten days your "hankering" and "craving" will disappear—the weed won't taste good.

Then throw away tobacco forever. NARCOTI-CURE is entirely vegetable and free from injurious ingredients. It never fails to give tone and new vigor to the weakest constitution.

Remember NARCOTI CURE doesn't deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and, finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With NARCOTI-CURE, when you are through with tobacco, you are through with the remedy. One bottle cures.

Send for book of prominent testimonials like the following:

HUNTINGTON, Mass., March 18, 1895. THE NARCOTI CHEMICAL CO., Springfield, Mass.

GENTLEMEN:—I have used tobacco for over twenty-five years, chewing and smoking every day from 7 a. m. to 9 p. m. stopping only for meals.

On Monday, February 4, I called at your office in Springfield, and bought a bottle of the CURE which I used as directed, and on the tenth day the desire for tobacco had left me and it has not returned. I did not lose a meal while taking the CURE. My appetite has improved and I consider NARCOTI-CURE a grand thing.

Very respectfully,

CHAS. I. LINCOLN.

Mr. Frank H. Morton, of Chicopee Falls, Mass., late Inspector of Public Buildings for Massachusetts, says:

I used tobacco for twenty-five years and was a confirmed smoker. In just eight days' treatment with NARCOTI-CURE I was through with tobacco, in fact the desire for tobacco vanished like a dream.

Very respectfully,

FRANK H. MORTON.

If your druggist is unable to give full particulars about NARCOTI-CURE, send to us for Book of Particulars free, or send \$5.00 for bottle by mail.

## RAILROAD NEWS.

John T. Grimshaw left yesterday for Cripple Creek, Col., where he has been appointed agent for the Denver and Rio Grande Express Co. by Supt. C. W. Walters, a former Sedalian. Mrs. Grimshaw and the children will remain here for the time being. The appointment is an excellent one, for there are few better express men than John T. Grimshaw.

## The "Katy's" Assessment.

T. N. Sedgwick, general attorney of the Missouri, Kansas and Texas, and Master of Transportation Sweeney appeared before the state board of equalization at Topeka and objected to the assessed valuation returned against the Katy by the state board of railroad assessors. The Katy was assessed higher than any other line in Kansas and they are seeking to have it adjusted on an equitable basis. The board has taken the matter under advisement.

## Sensible Railroad Order.

Superintendent Bertelot, of the main line division of the Philadelphia and Reading railroad, has issued an order that hereafter the news agents on trains, instead of first endeavoring to sell magazines, society novels, fruit, chewing gum, etc., must take the daily newspapers through the cars before offering the passengers anything else. The superintendent charges that heretofore the daily papers have been about the last thing that the passengers have had the chance of purchasing.

## Snake at the Shops.

A spreading adder, nearly six feet long, was killed in the back shop at the Missouri Pacific shops yesterday afternoon by Arthur Donaldson. It had come up through the sewer, and created a sensation by its exhibition of spreading its head and making some peculiar noise.

The story that it came to torment Mr. Berry, the councilman from the Third ward, on account of the Fourth street matter, is denied. True, Mr. Berry has been threatened with ball and chain, but he doesn't think the snakes "have it in" for him, too.

## Coach, Cab and Caboose.

All trains were on time this morning, in spite of the storm. Samuel Irvin, master carbuilder for the M., K. & T., returned this morning from St. Louis.

Engine 961, off the west end of the Missouri Pacific, is in the shops for a general overhauling.

Wm. O'Herin, master mechanic for the Missouri, Kansas and Texas, passed through Sedalia this morning, on his way from Parsons to St. Louis.

Engineer Charlie Goodwin went to the hospital at St. Louis last night for treatment for chronic indigestion.

Somebody threw a stone through the window of coach No. 299, in train No. 6, at some point west of Sedalia this morning.

A new hose reel and several hundred feet of new hose have been added to the fire equipment at the Missouri Pacific shops.

John Rhodes, engineer on middle division engine No. 945, has gone to the Missouri Pacific hospital at St. Louis for treatment.

J. E. Kinzie and J. Bour, who have been running extra on the M., K. & T., have been given engines, and are now running regularly.

John Bremer, a laborer at the Missouri Pacific shops, is confined to his home on East Ninth street. He was overcome by heat a day or two ago.

J. Reed, a car builder at the Missouri, Kansas and Texas shops, went home this morning suffering with a severe attack of cholera morbus.

"Dad" Leach was reported better this morning from men who came up from the hospital. His physical condition, aside from the tumor on his lip, is first-class.

The men at the Missouri Pacific shops are entirely satisfied and happy about the change of time. They say they have just what they want, and hope it will continue.

All the western railroads which laid off so many of their employees on account of the depression in business are increasing their force again in order to handle the increased traffic.

Treasurer Halsted, of the Katy of Texas, is dangerously ill at his home in Dallas, and grave fears are entertained for his recovery. Mr. Halsted returned from Wisconsin on July 4 and the next day was confined to his room with typhoid malaria.

Dr. R. L. Shadburne, formerly of the M., K. & T. hospital here, but now of Warsaw, went to St. Louis last afternoon to be operated upon for a stiff knee, which was injured in getting out of a buggy three weeks ago and has grown constantly worse instead of better.

Conductor Frank Sargent, of the Washington accommodation run on the Missouri Pacific, who is running on the main line in place of Conductor John French, came through on the fast mail this morning, the first time for several months. His train arrived promptly on time.

W. T. Fisher, traveling auditor for the Missouri Pacific, went to St.

Louis at noon today; while Simon Cronin, also a traveling auditor, went to Moniteau to check up the office there.

## SMALL SAVINGS.

The Old Proverb "Many a Little Makes a Mickle" Exemplified.

The Thrifty Frenchman—A Savings Bank Book for Bright Pupils at School—A Suggestion as to Pauper Relief.

Shall we be pardoned for repeating the old Scottish proverb that: "Many a little makes a mickle?" It is so true in its teaching of thrift that it ought to be impressed upon every person, young and old, for no one is too old to begin to save.

The basis of the prosperity of the French people is their thrift. Of course, says the Youth's Companion, not every French man and woman saves and puts by something, but the practice is nearly universal. It seems true, also, that those who earn the least, and who are forced to pinch and screw the hardest to give themselves food, shelter and clothing of some sort, form the great saving class.

At the end of 1893, the public and private savings banks of France had more than eight million depositors, and the amount standing to their credit was three and three-quarters billion francs. Yet this vast sum—about equal to the net public debt of the United States—was made up of little accounts which average but four hundred and sixty francs, or ninety-two dollars each.

To save money is one of the lessons taught in French schools. A savings-bank book, with a small sum to the credit of the owner, is a prize commonly given to a bright pupil, in cases when an American school would give the money outright, or a book, or a bicycle. Moreover, millions of French people who do not trust the banks have money saved in old stockings and in discarded teapots.

The accumulation of savings by a community is doubly beneficial. The person who saves has something laid by "for a rainy day," and the community has a fund which can be lent at home. When savings banks exist and are generally patronized it is not necessary for the people to look to capitalists in other states for money to be borrowed on mortgages at exorbitant rates. They can borrow of the local bank, and can have the satisfaction of feeling that the interest they pay goes to their own neighbors.

This has been the experience not only in the large cities of the eastern states, but also in the factory towns where savings banks are established, and where a vast majority of the depositors are the "hands," who work for an average wage of not much more than a dollar a day.

In some parts of the country—possibly the form of endeavor is more common than we suppose it to be—there is a systematic effort to teach the poorest people to save. We have in mind a friendly society made up of ladies, each one of whom has taken under her oversight three or four families in which the father is a drunkard, or the mother a widow, or where there are many young children.

The lady visits each family once a week, makes all the members her friends, and encourages them to save something and intrust it to her. Ten cents, or a quarter, anything which the family can spare, is accepted. A careful account is kept, and when the coal supply runs short there is money on hand to pay for it.

We know of an Irish family, consisting of widow and five or six very young children, who were receiving pauper relief at the time this system was applied to their case, and who are now almost independent. The boys are doing well, earn their own living and support their mother. Moreover, they have learned to save. The mother no longer needs the weekly visit, but she still sends her savings to the lady who first had charge of her case.

Of course, there are many people who cannot save, but there are more who do not save because they think they cannot. What we have said is for the benefit of the second class, who are apt to ascribe their difficulties to any cause rather than to the real one. For the first class we can have nothing but sympathy, and a wish for better times and circumstances.

If all who can save were to do so, and were to mass their savings for the common good, they would deal the most effective blow possible at the power of the great capitalists, whose accumulations of wealth are believed by many persons to be one of the great dangers of the time.

## Not Made Up.

Manager (to stubborn actress)—Well, is your mind made up to go on?

Actress—No, sir; it is not.

Manager—Why not?

Actress—It doesn't have to be. Thank goodness, it's the one thing about me that is natural.—Detroit Free Press.

## IN SUNNY MEXICO.

Lads and Lassies Have Few Pets, But All Know the Mule.

The children of Mexico, according to the Pall Mall Budget, have not over many pets. But they all have familiar acquaintance with the typical Mexican domestic animal. Almost the poorest Mexican family has its mule. Save among the rich, the largest family rarely has but one such steed. Mexican families are not, as a rule, small, and the family mule is perpetually called upon to carry burdens that are enough to sour the disposition of a sweet-tempered animal. White mules, with black faces, and mules of every or any mulish color or combination of colors are always on the move in Mexico. You will see them in the city streets and they will effectually save you from being lonely when you tramp the country byways. The destination of a Mexican mule is ten to one—the church or the market.

If the Mexican babies be half well-born and half well-housed they pay the birds with songs for songs. This is the unique custom: When day first breaks into bedrooms of a Mexican house (and she breaks in very early, partly because Mexico is where Mexico is, and partly because the low houses have an abundance of windows)—when, for these two reasons, the sun does make so early an entrance, the head of the house gallantly welcomes it by leaping out of bed. If he is very old or feeble, he, at least, manages to lift himself from his pillow, and he begins to sing a song—a hymn of morning praise. If a priest is staying in the house, then that priest starts the vocal symphony. Nowhere in the western world is the Christian religion so devoutly disciplined as it is in Mexico. Nowhere, save in Spain, is Roman Catholicism so stanchly established as it is in Mexico.

The Mexican babies learn to tell their beads long before they know the names of the many brilliant flowers that tangle about their brown feet. But whether the spiritual or the physical father of the household starts the morning hymn, all the household catches it up, and the wife, the grown children, the half-grown children, the toddling babies, and, last, but not even in Mexico least, servants, catch the sweetly-worded but simple-melodious song, and out beyond the cabin, the adobe hut, or the richly-carved palace, the hewers of Mexican wood, the drawers of Mexican water, the tenders of Mexican grains and of Mexican flowers, join in the morning chorus. But sweetest of all those sweet Mexican notes ring the treble notes of the baby Mexican voice.

## Sailors Are Not Improvident.

Sailors are not quite so improvident as tradition represents them. They do not squander all their money at any port their ships may happen to touch at. From a return just issued by order of the house of commons, it seems that within the past 17 years over £2,500,000 out of wages earned by seamen have been transmitted either through the post office, local marine boards or board of trade offices to relatives at home. Of that sum, £195,630 was sent between the 1st of April, 1893, and the end of March, 1894. The total amount paid in the United Kingdom on money orders sent to sailors in 38 years was just £12,608,690, and over £355,000 was paid in the 12 months ending March 31, 1894. The seamen's investments in savings banks amount to something very near \$85,000 a year.—London Daily News.

## To the Pole by Balloon.

In the meeting of the Swedish Academy of Sciences at Stockholm on February 13 the aeronaut, Andre, read a paper about his proposition to reach the north pole by aerial navigation. He argued that the conditions for a balloonist are most favorable from every standpoint. The present highly developed technique of aerial navigation would enable a balloon rising at Spitzbergen in the early summer to take advantage of the warm aerial current blowing northward at this season, and to finish the trip across the unexplored Arctic regions in about thirty days. He estimates the entire expense of his voyage at about thirty-five thousand dollars.

## Persevered and Got a Quarter.

Repartee is a valuable lesson, as one of the out-of-the-elbow cherubs who have been doing praiseworthy service in sweeping the crossings since slush has made walking a misery, found out, says a Washington paper.

"Please, marm, gimme a little penny?" and he held out a grimy hand to a woman of benign aspect who was passing. She shook her head and went on, but the persevering child followed her. "Only a little penny, please, marm." "But, my child, I haven't a little penny," the woman explained.

"Then," said the cherub, with a merry twinkle in his eyes, "a big quarter will do," and he got it.

Ocean Port, N.J.  
Dr. R. V. Pierce: Dear Sir—We have used your "G.M.D." in our family and find nothing else to equal it. One of our children had the pneumonia, and our lungs became consolidated, but by the use of the "Discovery" she has entirely recovered, and is now in good health.

## A SIGHT ON WHEELS.

The Girl With Bloomers Was Highly Embarrassed.

One of St. Louis' new women had a very disagreeable experience yesterday afternoon on Locust and Fifteenth streets, says the Globe-Democrat. She was astride a bicycle, and, being clad in a stylish, tailor-made suit of light gray bloomers, which fitted her form more snugly than do the bloomers of the average wheelwoman, she was the cynosure of all eyes.

A large number of little boys and girls were at the corner playing various games, and when the cyclist hove in sight they paused to inspect her. After a critical examination of her costume from head to foot, the urchins gave vent to their disapproval with shouts of "Be ashamed!" and other emphatic expressions of disgust. The new woman was much embarrassed, and in her efforts to get beyond the reach of her tormentors' voices she tripped and fell.

The crowd of spectators were each moment growing larger and more demonstrative, and just as the young woman was on the verge of tears a policeman appeared and dispersed the mob. He was warmly thanked by the unlucky rider, who quickly remounted her steed and made for home at a lively pace.

## A Few Facts.

Some people do business alone for what money there is in it, regardless of their future reputation or standing, and when they start out to buy cattle for their market they buy cattle the same way. Anything that is cheap catches their eye—quality cuts no figure with them. It is different with us. We will not be tempted with cheap stuff; it must be strictly first-class or no trade at any price. We are using cattle right now that came right out of the feed lot, corn fed and prime. We are the only market in Sedalia today that is using corn fed cattle. We have no use for the grass trash that is being used at this time in Sedalia. We are determined to hold our reputation, let it cost what it may, and still continue to pay good prices and get the best cattle.

If you will just stop in we will show you some beef that nothing in this city can be found to equal it, and all we ask of you is to ask your neighbor, who buys from us, and see what they have to say of its quality. Everything is held in cold storage until it is made prime and juicy. Try one of our roast beef and you will be convinced you have been doing business at the wrong market.

Leave word at our market and we will call at your house daily and get your orders, or telephone 120. NEWTON MEAT CO.

## Opening of Forest Park Theater.

A benefit will be given the Queen City Athletic club on Thursday evening, July 25th, the programme consisting of calisthenics, wrestling, sparring, club swinging, bag punching, horizontal and parallel bars, pyramids, etc. In fact, it will be a first-class exhibition from start to finish, for both ladies and gentlemen.

Performance commences at 8:30. Admission, 25 cents. No extra charge for reserved seats. Cars will run every ten minutes.

## Carpets and Drapery.

J. E. ## GOOD EYESIGHT.

And How Little We Know How to Appreciate It and Care for It.

In an interview with Dr. A. J. Tucker, an oculist of much reputation, at rooms 303 304 Hoffman building, Sedalia, he informed a reporter for the DEMOCRAT that there are many eye diseases and nervous troubles that are clearly traceable to eye strain, that will not yield to medical treatment and can be relieved only by adjusting glasses to removing the cause. He says all children are born far-sighted; that great care should be taken by both parents and teachers that the child does not overuse the eyes. Young school children under 10 years should not be required to study more than 2 1/2 or 3 hours a day; those over 10 and under 16, 3 1/2 to 4 hours, and those over 16 should not be required to study more than 30 hours a week. Young pupils should be allowed to rest their eyes by occasionally glancing from the book to more distant objects, thereby relaxing the muscles of accommodation. The eyes of the American people, on account of improper use and wearing glasses that are not properly fitted, have become more and more defective, until now over 50 per cent have defective vision, and should wear glasses.

In Germany the eyes of children have to be examined by an oculist appointed by the government for that purpose, and they are not allowed to enter school if their eyes are imperfect, without glasses to correct the same.

It is claimed that a high degree of culture and civilization is responsible for defective vision and frequently blindness. Farsightedness can not be corrected too early in life; it is a congenital defect and will never be outgrown, as most people think. However, it seems absurd to the parent that glasses are necessary when the child or young adult can see and get along without them.

Dr. Tucker says that eye strain is unquestionably one of the most frequent causes of sick headache; that if in all cases of chronic headache the physician would first send his patient to the oculist before trying other remedies he would save very many people years of suffering.

Dr. Tucker says perhaps it has never occurred to you that eyesight is the only special sense that is in constant use while the body is awake; there is not a moment during the day or evening that we are not acquiring visual impressions of some kind. Hence the imperfect eye is always strained more or less to see distinctly; it has no rest while the body is awake.

Cohns, the great German oculist, shows that of 299 examined no case of absolutely perfect vision was found. A. Randal, of New York, states in his article on the refraction, a critical examination of the eye, especially among school children, Medical Science July, 1885, that only 7 36-100 per cent of 1,834 eyes were found to be perfect. Darr, of London, found but 30 in 414.

One of the most noted authors on nervous diseases, A. L. Ramo, of New York, says that pain and watering of the eyes is a labor grievance, either a strike for fewer hours of work a day or a demand for better tools. Dr. Tucker says cross eyes can generally be straightened in children by the proper adjustment of glasses.

Dr. Tucker is an oculist of the best schools in the country, and has the best of credentials from many prominent business men and eminent physicians of Missouri and Chicago, where he has practiced for several years.

And we would advise all those suffering with any eye trouble and chronic headache to call on him at once, as he will be in Sedalia but a short time. He makes no charge for consultation.

## NEEDED NO LAWYER.

Because He Did Not Want to Take Advantage of the State.

Judge Jim Griggs was reminded of a story by the passing of an electric car and began:

"One of the funniest things that ever happened during my connection with the Georgia judiciary was when I was first elected solicitor.

"The demands of my position frequently put me in the attitude of prosecuting a friend. It was hard, but I did it.

"An ex sheriff of a county in my circuit—a fellow that I had known and liked for a long time—was prosecuted for making away with some money. It was an ugly charge. The evidence was conclusive against him.

"When I went down to court he came staggering into my room about two-thirds drunk. 'Jim,' he said, 'these infernal scoundrels are trying to prosecute me—perfect outrage. I told 'em to wait 'till I saw Jim Griggs and we'd fix it—I told 'em we'd let 'em know who to prosecute. And we will; won't we, Jim?'

"I looked at him very gravely, and said: 'Tom, I've got a dead case against you. I'm going to prosecute you, convict you, and send you to the penitentiary. You are guilty. You got the money and I've got the evidence to prove it.'

"He looked at me in perfect amazement. He was dumbfounded. He said I didn't mean it. I told him I did. He straightened himself up and marched out without a word.

"His case was the first one called after dinner. The judge asked him if he had any counsel. He said no, and didn't want any. He spoke in a half drunken fashion. 'But,' said the judge, 'you are charged here with a serious offense, and if you have no money to employ a lawyer, I'll appoint one for you.'

"The defendant didn't like it. He arose with difficulty. He steadied himself against a table, and, speaking in a maudlin fashion, said:

"'Yer honor, I said I don't want no counsel, and I don't want none. I meant what I said. I don't want—hic—take no 'vantage of ze state. State ain't got no counsel—what der I want with any.'—Atlanta Constitution.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Brice-land, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best."
